OFFICE OF RENO DAILY
GAZETTE AND WEEKLY
GAZETTE AND STOCKMAN.
RENO, NEV., Oct. 17, 1887.

Dear Sir:—Senator W. M. Stewart,
of Nevada, intends, at the next session
of Congress, to introduce a bill au-
thorizing the expenditure of at least
ten millions of dollars for the re-estab-
lishment of a National Normal School
at Washington, D. C.

In the interest of this bill, I would
respectfully request of you such infor-
mation as you may have relative to
the establishment and maintenance of
National Normal Schools in European
countries, and your ideas as to what
should be the leading features of the
proposed bill. Would be obliged if
you would prepare an outline of a bill
which would receive your support.
This is a matter in which all of the
prominent educators of the country
are interested.

I also wish your ideas as to what they
may be incorporated in a paper to be
read and submitted at the meeting of
the Department of Superintendence,
National Educational Association, which
takes place in Washington, February
14-16, 1888. Hoping to receive your
reply at an early date, I am,
Very respectfully yours,
C. S. YOUNG,
Ex-President Department of Superin-
tendence, National Educational As-
sociation.

Copies of the foregoing circulars
were sent out from this office to the
leading educators of Europe and
America. Answers are coming in
daily. Several of the leading
newspapers have commented edi-
torially upon the effect of the cir-
cular. We will copy from time to
time what is said on the subject of
the proposed National Normal
School, and in due time will discuss
the same in these columns. The fol-
lowing editorial, without comment,
is reproduced from the San Fran-
cisco Chronicle, issue of November
8th:

Senator Stewart, of Nevada, is said
to be the advocate of a proposition to
expend \$10,000,000 in the establish-
ment of a national normal school at
Washington. The New York Sun
says that such an appropriation would
be an outrageous perversion of the
people's money; that there is no rea-
son for such an institution, and if
founded it would be of no sort of
advantage to anybody except those
who were interested in the job which
it is designed to promote.

We do not know anything about the
promotion of any job in this connec-
tion, but it is apparent that the crea-
tion of a national normal school at
Washington or elsewhere could not
serve any useful purpose, beside being
clearly outside of the ordinarily re-
cognized functions of the Federal Gov-
ernment.

The object of normal schools is to
train persons for teaching, especially
in the free common schools. Such
free schools are found in every State
of the Union and are a proper part of
the State system, whereas there are
no such things as common schools under
the care or auspices of the General
Government and there is no need that
there should be. If Senator Stewart
bases his national normal school upon
the idea that there is any scarcity of
educated teachers in the United States,
it would be very easy to point out to
him his mistake. It is safe to say, for
instance, that there is scarcely a day
in which the Secretary of the Board of
Education of this city does not get one
or more letters from educated teachers
seeking positions in our School De-
partment, and many of them from
teachers in the East of long experience
and extensive acquirements.

Our normal schools in this State
alone can, we fancy, supply the de-
mand and furnish teachers for ex-
portation, and, if California can do
this, how much more can some of the
older States do, where normal and
training schools abound? The trou-
ble is not a lack of teachers, but rather
a lack of positions for the teachers we
have and those who are constantly be-
coming qualified for teaching.
It is not the duty of the Federal
Government to take upon its shoulders
the burden of educating the people of
the different States, at any rate until
the States themselves have failed in
their educational duties to the people.
Even the Blair bill did not pretend to
care for the education of the people in
all the States, but only for those who
are regarded in some sense as the
wards of the nation and for whose edu-
cation the resources of the several
States in which they live might not be
sufficient without the imposition of
too heavy a burden of taxation. But
this scheme would throw open a nor-
mal school to pupils from all the States
alike and would tend to discredit in
some degree similar institutions in the
States themselves.

We must be careful how we infringe
upon States' rights or how we seek to
extend the duties of the Federal Gov-
ernment beyond its original plans and
purposes. The balance now hangs
nearly even, and it is not wise or pru-
dent to add a single grain of centraliza-
tion to one side of the scales unless an
imperative necessity shall arise for so-
doing.

THE utter disregard of law and the
recklessness of Anarchism was
mirrored yesterday by Mrs. Parsons
when, demanding admittance to the
jail to see her husband, she was
told by an officer that she must
obey the law. "The law!" she
cried; "what do I care for the law
—and my husband being murdered?
Shoot me; kill me, if you will." She
afterward showed such rage that
it was found necessary to arrest
her. Nothing but extreme
measures can ever subdue such people.

[PRESS DISPATCHES TO THE GAZETTE.]

The Remains of the Hanged An-
archists.

CHICAGO, Nov. 12.—About 5,000 peo-
ple viewed the remains of Anarchists
Parsons and Fischer in the under-
taker's shop this morning. The re-
mains were removed to the residences
of the deceased at about 10 o'clock.
There was no excitement over the
transfer. The bodies of Spies and
Engel were removed last evening.

It looks very much this morning as
if the city authorities would refuse to
allow the friends of the executed An-
archists to carry out their programme
respecting their funerals, which are set
for to-morrow.

It has been learned from the most
reliable sources that Mayor Rice,
Chief of Police Eversal, Inspector Bon-
field and the Commissioner of Public
Works have had a long conference re-
specting what they would or would
not allow. The Chief and Mayor are
both against letting crowds line the
streets through which the cortege pro-
poses passing, and it may be decided
that the burials will have to be made
separately.

An incident occurred this morning
which speaks the temper of the law-
abiding people of the city. Spies was
a member of the Aurora Turn Verein.
Some Socialistic members of the or-
ganization placed an American flag at
half-mast on the Aurora Turn Verein
Hall. It had not been there long be-
fore the owners of the building or-
dered the flag taken down, and it was
done. It is strongly hinted that the
authorities of the Waldheim cemetery,
the one in which it was proposed to
bury the reds, and over their graves to
erect a monument, were seriously
considering whether it was not their
duty to refuse a resting place for the
Anarchists' remains within their in-
closure. At least they will not allow
a monument. Both owners of the
Aurora Turn Verein Hall, it may be
pleasant to know, are Germans. It
was also learned this morning that the
Turn Verein Hall owners would most
likely refuse to allow the body of Spies
to lie in state, as was proposed.

The rooms of the undertaking estab-
lishment, to which the bodies of the
Anarchists were taken after the execu-
tion, were thrown open this morning
from 8 until 9:30 o'clock to enable the
crowd which had gathered for the
purpose, to view the remains. Only
the bodies of Parsons and Fischer
were there, the others having been re-
moved. Between four and five thou-
sand people viewed the remains. The
jail was a gloomy place this morning.
The lawless, prisoners, reporters and
visitors had not yet outworn the scene
of yesterday. A detail of prisoners
scrubbed the jail from top to bottom
early this morning. Mrs. Schwab, to-
gether with her two children and Mrs.
Schneibelt, were released from their
cells. Schwab conversed with his
wife and mother for nearly two hours.
They were separated by iron bars and
wire netting. Mrs. Schwab was clad
in mourning, in memory, perhaps, of
the event of the previous day.

Complaints of Union Pacific Doing
WASHINGTON, November 11.—The
Inter-State Commission have received
a complaint from Plummer, Perry &
Co., of Lincoln, Nebraska, that the
Union Pacific Railway Company, hav-
ing received a consignment of sugar
at San Francisco for Lincoln, re-
fused to haul it direct to its destina-
tion, but first Omaha and rebilled it
to Lincoln, which proceeding caused
an extra charge of 15 cents a
hundred for transportation. They
pray for an order of restraint for the
future and a restitution of over-charge
in the case cited.

Harkins Convicted of Bribery.
SAN FRANCISCO, Nov. 11.—James
Harkins was to-night found guilty by
the jury of the U. S. District Court of
bribing U. S. Commissioner O'Beirne.
In 1882 Harkins paid O'Beirne \$1,200
to influence the latter's action in criminal
proceedings at that time pending
against himself for opium smuggling.
O'Beirne was subsequently indicted
with Harkins, but in the first trial the
jury disagreed, and conviction might
have been difficult had not O'Beirne
confirmed in Court yesterday that he
had received the bribe.

How Schwab and Fielden Feel.
CHICAGO, Nov. 11.—Fielden and
Schwab were visited after the hanging
yesterday. Both appeared very much
downcast. Fielden buried his head in
his hands and said: "Yes, yes; it's all
over." Schwab was more loquacious
and spoke freely on the innocence of
the men who had just been executed
and of the unfairness of the trials had
by the men who had forfeited their
lives. He said it would ever stand as
a stain on the escutcheon of the coun-
try.

A Frightful Crime.
OLYMPIA, W. T., Nov. 11.—The
Kneeland Hotel, at Shelton, in War-
ren county, was burned this morning,
and a lawyer, named Jerry Connor,
was consumed in the flames. Angus
McNeil is under arrest, with positive
proof that he deliberately fired the
building to make away with his wife.
Excitement is high, and there are
threats of mob violence.

Dimmig Charged With the Mur-
der of Benhayon.

SAN FRANCISCO, Nov. 12.—Captain
L. L. Lees, of the detective force, this
morning presented an affidavit in
Judge Lawler's Court, charging John
A. Dimmig with the murder of Henry
Benhayon, and Dimmig's application
for a writ of habeas corpus was de-
nied.

Another Dynamite Bomb Found.
MINNEAPOLIS, Nov. 12.—A dynamite
bomb was picked up by a night watch-
man on Fourth street this morning.
It was of gas pipe and one foot long.
At one end was a fuse, which had
recently been lighted.

Warning From Gladstone.
LONDON, Nov. 12.—Gladstone writes:
"Lord Hartington's recent speech is
evidence that he will be decidedly one
of the most extreme opponents of the
Liberal party while the Irish question
exists. We must settle that question
quick if we desire to win him back."

Riot in a Virginia Town.
LYNCHBURG, Va., Nov. 12.—A riot
has broken out at Poconahon between
the natives and Hungarian miners.
The military from this city have gone
to the scene of disorder.

San Francisco yesterday. They were

who is under sentence of death for the
murder of his wife, has been granted
fifteen days further time, from No-
vember 15th, by the Supreme Court in
which to file a brief on his appeal
from the judgment of the Court below.

—Sheriff Watson, of Chicago, does
not seem to fear that he will be pro-
secuted for omittng to arrest Black
and Solomon, as per notice Tuesday,
but expressed himself yesterday that
it was a very foolish notice. He be-
lieves Mrs. Parsons should be watched
and prevented from traveling around
as the "Widow of a Martyr" to carry
out the work of organizing the Anar-
chists.

D. R. Sessions, formerly Superintendent of Public Instruction of Nevada, was a west-bound passenger last night.

Mr. and Mrs. Wm. E. Lemmon, Mr. and Mrs. R. S. Osburn and Mr. and Mrs. John Bowman left this morning for the Peavine ranch.

Dr. Kirby, of Virginia City, says the Carson Index, is sojourning at Hot Springs and enjoying the hospitalities of mine host J. C. Ogden.

Death of Senator Stewart's Little Grandson.

A Washington telegram under date of November 10th says: The infant son of Mrs. A. S. Fox, daughter of Senator Stewart, of Nevada, died at the Academy of the Holy Cross yesterday morning.

Mrs. Fox is quite prostrated over the sudden death of her son. She will remain until the arrival of the Senator and Mrs. Stewart from the Pacific Coast in December.

State Land Office.

During the week ending November 11, 13 applications for State land were filed, embracing 2,837.61 acres.

The cash receipts were: Payments on applications, \$709 41; payments on contracts, \$193 02; total, \$902 43. The selections offered by the State in Carson City Land District, out of the 2,000,000-acre grant, for the month ending October 31st covered 13,732.74 acres.

Heavy Overland Travel.

Travel on the Southern Pacific during the month of October was unusually heavy, and three-fourths of the passengers carried came westward.

The east-bound through passengers numbered 3,259, and the west-bound 10,151, making a total of 13,410 carried by the company. The figures for this month will be even larger.

The C. and C. Extension.

Speaking of the extension of the Carson and Colorado railroad, the Inyo Index of the 9th inst. says: "Work will be begun about January 1st, 1898, or as soon as material enough is on hand to keep the work going. They will begin at the southern end and work this way, as material and supplies can be got there cheaper. * * * Whether the road will go to Mojave or to Barstow is not revealed; the probability is that the former place will be the point of junction with the Southern Pacific."

A. O. U. W.

NEVADA'S CATTLE INTERESTS.

Reno as a Feeding Center—The C. P.'s New Contract With Cattlemen.

Says the San Francisco Examiner of yesterday: The Southern Pacific Company has granted a concession to the cattlemen of Nevada which is of considerable importance. The beef supply of this market comes to a great extent from that State.

Last year 1,700 carloads of cattle were shipped here from the sagebrush State. With the cattlemen the question is how to maintain the stock in good condition after the full shipments so that they can constantly supply the market during the winter time.

If the stock were to be kept on the ranges during the winter months they would not be fit for sale until long after the opening of Spring. Consequently some means had to be devised to place the stock in a locality where plenty of food could be obtained instead of sending them to market before the approach of winter.

Around Reno, Nevada, the cattlemen find that the stock can be kept in good condition for shipment at any time during the winter months, and they requested the Southern Pacific to adjust its transportation of their stock from the free ranges on the mountains to this city in such a way that a portion of the shipments could be left over at Reno for several months.

General Manager A. N. Towne, after considering the matter, agreed to incorporate the following provision into the cattle-shipping contract, which was found acceptable:

Cattle shipped from points in Nevada, east of Reno to San Francisco or other destinations in California, may, during the period from October 15th of each year to April 15th of the next year, at the request of the shipper, be stopped in transit at Reno, in the State of Nevada, provided that the through rate from the point of shipment to the point of final destination be prepaid or paid at Reno upon such stoppage, it being understood and agreed that such stoppage shall be for the purpose only of feeding and taking care of such cattle, and that the shipper thereof shall not ship the same cattle and no other from Reno to their destination not later than the 15th day of April next ensuing, and that upon such reshipment the shipper shall pay to the Southern Pacific Company the further sum of \$5 for each and every carload of such cattle so reshipped to defray the additional expense thereby caused.

Live Stock Shipments.

Night before last Hart & Dixon shipped 10 carloads of sheep to San Francisco and at the same time Dan Wheeler sent a carload to Dutch Flat.

Last night M. Brandenstein & Co. sent below 10 carloads of cattle that came from Winnemucca and George Humphrey shipped a carload to Dutch Flat.

P. H. Nooner, of Humboldt county, shipped six carloads of cattle to San Francisco this afternoon, and Pole, Hellbronn & Co. eight carloads.

The following lots are expected at Benson's yards this evening: Eight carloads of cattle from Golconda, belonging to J. P. Anderson, and 10 carloads from Argenta belonging to Horn & Chapman.

James Currow received two carloads of cattle this morning from his ranch in Pine Valley, Eureka county. Two carloads of blooded calves arrived at Benson's this morning from the West.

Who they belong to is not known. When Benson received them he found them suffering from thirst and half starved.

New C. P. Time Table.

Copies of the new time table of the Southern Pacific Company that is to take effect to-morrow, arrived from San Francisco in last night's mail.

According to it No. 3 passenger will leave that city at 7:30 A. M. and arrive in Reno at 8:25 P. M. and remain 20 minutes for dinner.

No. 1, the Atlantic express train, will leave San Francisco at the same hour as now, and arrive in Reno at 6:35 A. M. Coming from the East, the Pacific express will arrive in Reno at 6:15 A. M. and remain 20 minutes for breakfast.

No. 4 will arrive at 1:40 P. M. and remain half an hour for dinner. No. 2, the Pacific express, will arrive in San Francisco at 7:10 P. M. and No. 4 passenger at 8:40 A. M. Trains Nos. 2 and 3 will not stop for passengers at many of the stations.

Trains Nos. 1 and 4 are expected to stop at all stations and camps when necessary.

Feul Play Suspected.

The Silver City Avalanche says Dr. Mitchell was called to the residence of Martin Chrisman, an old and respected citizen of Sucker Creek, Owyhee county, and found Mr. Chrisman lying on his bed unconscious. One of his ears was out in two and hung down on his cheek, his head was badly cut and his skull fractured in three places.

The doctor thinks the wounds were inflicted with a hatchet or some similar instrument. It is not positively known how it occurred or who did the deed, as Mr. Chrisman could not make any statement, but suspicion strongly points toward one Joseph Rasey, with whom Mr. Chrisman had some trouble in regard to the ranch, and who has left for parts unknown.

HE WAS ACCOMMODATED.

How a Colorado Gambler Fleeced Some Local Sports To-day.

An individual wearing coarse clothes and resembling in many respects an honest rancher entered the Monarch saloon a late hour last night and asked for a poker game. He was forthwith accommodated and the game commenced with good-sized stakes and limits.

As the night wore away and day began to dawn, the interest in the game increased. The individual was in great luck. If his opponent "saw" the ante and went one better, he frequently would "raise" him, and several of the "pots" reminded one of early days on the Comstock.

The game continued until half-past 2 o'clock this afternoon, when, the individual having nearly all the coin in sight, it was suspected that he was guilty of tricks that could not be detected readily. In other words, it was believed that he had fastened in a sleeve of his coat a contrivance that assisted him materially in raking in the coin.

He was accused of the crookedness, and a search followed that also reminded one of early days on the Comstock. No shots were fired, but one of the victims went to Justice Young's office and swore out a warrant for the arrest of the individual, who then introduced himself to the assemblage as W. T. House, of Colorado, and asked all hands up to the bar to drink, and told them how he generally acted when he found that he was robbed.

He then deliberately left the saloon, his coat. The warrant was not served.

The following business was transacted in the District Court this morning, Judge Bigelow presiding:

At Peace.

A stomach in revolt is an obdurate rebel. Corrected with Hostetter's Stomach Bitters, its dissensions with the food introduced into it in unwary moments of appetite ceases. Then it is at peace. Then dyspepsia abandons its grip. Then such fractious manifestations as heartburn, a sinking sensation in the pit of the abdomen between meals, and unnatural fullness, biliousness, flatulence, acid gulping, hiccoughs, cease to irritate and torment. After a course of the national tonic and alterative, the liver and bowels, always more or less disordered during a prolonged attack of indigestion, dyspepsia and its functions and become regular. Thus not only dyspepsia, but its concomitants, constipation and biliousness, are conquered by the medicine, which remedies their fruitful cause, weakness of the organs of digestion. The epigastric nerve, cellular tissue, in short, every organ that bears a part in the digestive processes, acquires vigor and regularity from the benign invigorant.

A Valuable Remedy.

Numerous testimonials prove beyond a doubt that Allcock's Porous Plasters cure paralysis, nervous debility and loss of memory when applied to the spine. They remove kidney difficulties when worn on the small of the back; applied to the pit of the stomach, dyspepsia and indigestion disappear. Colds, coughs and asthma no longer trouble the suffering patient when he uses them on the chest. If you have a headache or want to sleep, put an Allcock's Porous Plaster on the nape of the neck—the work is not only done, but well done.

A Boon for Travelers.

A traveler who guards against sudden attacks of cold, headache, indigestion, diarrhoea, etc., ailments not infrequently brought on by changes of climate and water, is the sensible, far-seeing man. Always have handy in your valise or trunk a box of Allcock's Porous Plasters. Worn on the pit of the stomach, they will so strengthen the digestive organs that you can eat almost anything, and travel without fear of taking cold.
